DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 21 is rejected under 35 U.S.C. 102(b) as being anticipated by Bissey (US 6,310,388).

Bissey discloses an electrical device package (Figs. 1 and 2) comprising: a plurality of lead fingers (26, 28); a die 12 having a first surface and a second surface and a plurality of bond pads 14 on the first surface, said die being connected to the lead fingers 26 by first bondwires 18A between at least some of the bond pads and some of the lead fingers; a conductive sheet 24 extending between the die and the plurality of lead fingers, the conductive sheet being electrically insulated from said first bondwires 18A and the lead fingers 26 to which they the bondwires are connected; an electrical connection (wires 18C) between at least one bond pad 14 and an inner region 24A of the conductive sheet; and an electrical connection between at least one lead finger 30 and an outer region of the conductive sheet 24, wherein the at least one finger 30 is connected to one of the power supply terminals to provide the conductive sheet with Vss or Vdd. Therefore, it is inherent that the conductive sheet 24 provides at least one return current path from the die 12 through the inner and outer regions (24A, 24) of the conductive sheet to the lead finger 30 electrically connected to the conductive sheet.

Allowable Subject Matter

Claims 1-13 are allowed.

Conclusion

Applicant's amendment filed 02/25/2005 and 03/30/2007 necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
